C.1 Update on Bridge Banner (Sean Brady):

Sean advised that he had located a company that could provide a system to raise and lower the banner over the bridge without requiring bucket trucks and road closures. Before proceeding any further he suggested that the BIA enter into an agreement with the Town giving the BIA the revenues from advertising on the banner in exchange for the BIA looking after getting the banner logistics worked out and paid for

Councillor Ardiel suggested that the BIA comes as a deputation and presents what they wish to Council and Corrina suggested that there might be room on the agenda for the March 31st meeting.

C.2 BIA Sponsored Bus Link from Village to Town (Sean Brady)

Sean spoke about the transportation from Wasaga Beach, to Collingwood and on to Blue Mountain and would like correspondence that this transportation route/bus link extends to Thornbury since regional transportation is the new buzz word in the province and there is none to Thornbury.

C.3 Update on Canada Day (Casey)

Casey stated that this is the only event that Clarksburg will be doing and that she has sent a letter to Rotary to request they host/fundraise a lunch with the location to be determined.

Discussion ensued with regards to a drumming circle and costs, cake/refreshments.

The tent issue will be resolved by the summer with either a 10' x 10' (does not require permits) or a 15' x 15' (may be needed.)

This event will cost approximately \$2500-\$3000.

Casey will carry on with plans

C.4 Economic Development Advisory Committee (Casey)

Casey identified that the following are a part of the ECAC: Committee made up of representatives from: Village Association, Chamber of Commerce, Georgian Triangle Tourist Association (GTTA), Thornbury BIA, Council, Small Business Enterprise Centre, Youth, and the Agriculture Advisory Committee.

Casey spoke of a plan for the business retention program from the Economic Development Advisory Committee and suggested that the BIA could help find volunteers to conduct interviews with businesses. The volunteers would only interview businesses who are not directly involved with the same area of business. E.g. retailers would not interview other retailers. Names are to be given to Casey.

This project should be completed before a year and there will be a one day training seminar for those conducting the interviews and surveys.

C.5 Business Retention and Expansion Project (Elizabeth)

Elizabeth Cornish clarified that the project will cover all areas of the Town of the Blue Mountains and not just the BIA. Casey is the BIA representative and she will come back with information from the BIA to offer advice for the committee.

The EDAC is currently seeking 20 volunteers to broaden the involvement and the ideas, and requests anyone to suggest people.

C.6 Thornbury Visitation Program (Elizabeth)

Elizabeth spoke about the program which had taken place before she began with the Town of Blue Mountains. The ideas generated from the group confirmed the richness of this area and how to capture it in one idea. Concerns noted identified that while driving through the area signs were not very visible, that public washrooms were not well signed and that more tourism information was needed and information on 'where to go for it'.

George asked about follow-up and it was stated that the information was presented to Council and that Shawn Everitt is looking at the ideas, with tourism information being discussed. George asked that the BIA be included in any follow up information and it'd be nice to see some concrete plans based upon the program.

C. Giles suggested that anyone can sign up for e-blasts for further information and that if there is anything on the Council Agenda, that they should write in so that comments can be then shared with Council.

Sean Brady left the meeting at this point.

George stated he'd prefer specific issues highlighted for him to review versus reading the entire budget, and Elizabeth offered to try and advise when she sees information relevant to the BIA.

C.7. Advertising Requests (George)

George stated that the BIA is continually receiving advertising opportunities and he suggested that it would be good to have a strategy in place to promote the events and make decisions when faced with these opportunities. He asked for 2 volunteers to work on a committee to come up with a strategy and Leslie and Casey agreed to take that on.

C.8 Additions to Agenda

C8.2: Big Apple requested by Councillor Ardiel

Councillor Ardiel spoke regarding what we are doing for tourism, and ideas on how to promote tourism.

Elizabeth is looking at this issue and will get back to the BIA.

Shawn Everitt was not present, but is also looking into this issue and will get back with more information.
