At KPMG, we are **passionate** about earning your **trust**. We take deep **personal accountability**, individually and as a team, to deliver **exceptional service and value** in all our dealings with you.

At the end of the day, we measure our success from the **only perspective that matters – yours.**

Executive summary

Purpose of this report*

The purpose of this Audit Findings Report is to assist you, as a member of Committee, in your review of the results of our audit of the consolidated financial statements of the Town of Blue Mountains as at and for the period ended December 31, 2015.

Changes from the Audit Plan

There have been no significant changes regarding our audit from the planning of the engagement.

Status Update

- Legal letters returned to KPMG
- Receipt of signed management representation letter

Audit risks and results

We discussed with you at the start of the audit a number of **significant financial reporting risks**.

We are satisfied that our audit work has appropriately dealt with the risks.

We also discussed with you some **other areas of audit focus**. See pages 5 & 6

Adjustments and differences

Management has corrected for all audit adjustments identified by KPMG LLP during the course of the audit.

* This Audit Findings Report should not be used for any other purpose or by anyone other than the Town & Council. KPMG shall have no responsibility or liability for loss or damages or claims, if any, to or by any third party as this Audit Findings Report has not been prepared for, and is not intended for, and should not be used by, any third party or for any other purpose.

Consolidated Financial Statements

The Town of Blue Mountain's Financial Statements include the following, as required under Public Sector Accounting Standards:

- Proportionate share of Georgian Trail Board of Management- 41%
- Thornbury Business Improvement Area
- The Blue Mountains Attainable Housing Corporation
- Issuance of Museum Statement of Operations

Summary Results:

- Annual PSAB surplus generated of \$5.3M, relatively consistent with prior year, note that PSAB surplus will differ from cash-flow based surplus used for budgeting purposes and tax levy calculation-stems primarily from budgeting for transfers to reserves and acquisition of tangible capital assets
- Net Financial Assets increased by approximately \$3.5M
- Tangible Capital Assets increased by \$2.1M, resulting from the fact that additions of \$8.1M exceeded amortization of \$6.0M

Audit risks and results

Inherent risk of material misstatement is the susceptibility of a balance or assertion to misstatement which could be material, individually or when aggregated with other misstatements, assuming that there are no related controls.

We highlight our significant findings in respect of significant financial reporting risks as identified in our discussion with you in the Audit Plan, as well as any additional significant risks identified.

Significant financial reporting risks

Why

Our significant findings from the audit

Fraud risk from management override of controls

In accordance with Canadian Audit Standards, there is the presumption of a risk of management override.

We have not identified additional risks of management override relating to this audit.

- KPMG performed a variety of procedures examining journal entries that were being posted to the general ledger.
- Journal entries were selected using various criteria to identify journal entries that could possibly be related to override activities.
- No issues were identified in our testing performed.

Audit Areas of Focus

Significant findings from the audit regarding other areas of focus are as follows:

Other areas of focus	Why	Our significant findings from the audit
Cash & Investments	Significant FS Caption- \$33.1M	<ul style="list-style-type: none"> • Confirmations were sent to the Town's financial institutions confirming balances; custody over the confirmation submission and receipt process was maintained at all times by KPMG LLP • Reconciling items tested • Cash application control testing performed, to test the operating effectiveness of controls with respect to GL accounts that cash is applied to upon receipt
Payroll	Represents the largest class of expenditures	<ul style="list-style-type: none"> • Control testing performed • Detailed procedures were performed over payroll expenditures, benefits expense
Tangible Capital Assets	Significant FS Caption- \$179.5M	<ul style="list-style-type: none"> • Tested a sample of additions both to capital assets and WIP in fiscal 2015 • Review of expense accounts to ensure that items related to capital assets were not expensed in 2015 • Recalculation of amortization expenses • Recast due to identified properties that were not captured in the 2009 tangible capital asset upload
Debt	Significant FS Caption- \$4.5M	<ul style="list-style-type: none"> • Confirmations were sent to the Town's lenders and ensured that confirmation and amortization schedules support the balances recorded by the Town of the Blue Mountains as at December 31, 2015 • Notes to the financial statements outline maturity information and interest rates
Taxation Revenue	Significant FS Caption	<ul style="list-style-type: none"> • Detailed analytical procedures which included obtaining the MPAC assessment roll and application of by-law enacted tax ratios to test the tax revenue recorded by the Town
Landfill Obligation		<ul style="list-style-type: none"> • Obtained report and working papers from the Town's engineering expert that calculates the estimated post-closure costs associated with the landfill liability obligation, recorded on the statement of financial position • The Town is required to record a liability on its statement of financial position to reflect the estimated closure and post closure costs that will be incurred upon reaching full capacity

Critical accounting estimates and policies

Management is required to disclose information in the consolidated financial statements about the assumptions it makes about the future, and other major sources of estimation uncertainty at the end of the reporting period, that have a significant risk of resulting in a material adjustment to carrying amounts of assets and liabilities within the next financial year. Generally, these are considered to be "critical accounting estimates."

We have summarized our assessment of the subjective areas.

Estimates

Critical Accounting Estimates	<p>Management's process for identification and making accounting estimates are consistent with prior year.</p> <p>The potential impact of measurement uncertainty on the financial statements has been disclosed in the notes to the financial statements.</p> <p>During the course of our engagement, we did not identify instances of management bias in development of estimates.</p>
-------------------------------	--

We believe management's process for identifying critical accounting estimates is considered adequate

Significant accounting policies and practices are disclosed in Note 1 to the financial statements

Other matters

Professional standards require us to communicate to the Audit Committee (or other body of governance such as Council) Other Matters, such as identified fraud or non-compliance with laws and regulations, consultations with other accountants, significant matters relating to the Company's related parties, significant difficulties encountered during the audit, and disagreements with management.

Other matters

We have highlighted below other significant matters that we would like to bring to your attention:

Matter	KPMG comment
Adoption of New Accounting Standard	<ul style="list-style-type: none"> • Adoption of PSAB 3260 Contaminated Sites • Requirement to review Town's inventory of owned land, and classify as active or non-active sites • Non-active sites required to be reviewed for indication/consideration of contamination • Few non-active sites within the Town • No sites determined to likely require remediation per Town management
Cash / Investments	<ul style="list-style-type: none"> • The Town currently has \$12.7M in cash and \$20.4M in short-term liquid investments which are earning interest at various rates consistent with liquid assets (1-2%) • The Town should continue to monitor its cash balances and assess its requirements for cash in future periods and whether or not excess funds could generate greater returns
Land Previously Not Uploaded to General Ledger	<ul style="list-style-type: none"> • During management's work in assessing the implications of PSAB 3260 Contaminated Sites, management identified land that was Town owned, confirmed through MPAC reporting that had not been captured in the uploading of tangible capital assets to the general ledger, which was done in 2009. • Management has recast 2014 comparative financial information to reflect this increase in capital assets and accumulated surplus • Entry that was made had NIL impact to revenues, expenses, or cash flows and only impacted tangible capital assets and accumulated surplus
Deferred Revenue-Engineering Fees	<ul style="list-style-type: none"> • During the year the Town recorded an entry to realize deferred revenue directly to accumulated surplus through the engineering reserve fund, which was incorrect. To decrease the deferred revenue balance engineering revenue would be required to be realized based on specific costs being incurred

	<ul style="list-style-type: none">• KPMG discussed with management processes implemented to ensure accurate revenue and deferred revenue reporting moving forward and note that Citview software is being used to assist with the internal tracking• A correcting entry has been recorded by management
Developer Contributions	<ul style="list-style-type: none">• During the year the Town received funds from a developer with respect improvements required to a Town road• Management had recorded this inflow of cash as revenue however a portion of the funds provided by the developer were actually a deposit in nature, and thus will not result in revenue being earned by the Town, therefore a correcting entry has been recorded to reduce Other Income and increase Accounts Payable (deposits)• This entry had NIL impact on cashflow for the Town
Georgian Trail	<ul style="list-style-type: none">• Annual Surplus generated of \$20K, relatively stable revenues, but some increased expenditures in the current year• Audit was issued on March 30, 2016- working with Joe Halos and Ruth Prince

Adjustments and differences

Corrected adjustments

Management has corrected for all audit misstatements identified during the audit and are reflected in the 2015 Financial Statements

Uncorrected differences

There are no Uncorrected Audit Misstatements.

Adjustments and differences identified during the audit have been categorized as Corrected "adjustments" or Uncorrected "differences." These include disclosure adjustments and differences.

Professional standards require that we request of management and the audit committee that all identified adjustments or differences be corrected. We have already made this request of management.

Appendices

Appendix 1: Required communications

Appendix 2: Independence

Appendix 3: Audit Quality and Risk Management

Appendix 4: Background and professional standards

Appendix 5: Current developments

Appendix 1: Required communications

In accordance with professional standards, there are a number of communications that are required during the course of and upon completion of our audit. These include:

- **Auditors' report** – the conclusion of our audit is set out in our draft auditors' report which will be issued upon approval of the financial statements.
- **Management representation letter** –In accordance with professional standards, copies of the management representation letter are provided to the Committee. We will require the management representation letter to be signed to subsequent to the approval of the financial statements, and prior to the issuance of our Auditors' report.

Appendix 2: Independence

KPMG maintains a system of quality control designed to reflect our drive and determination to deliver independent, unbiased advice and opinions, and also meet the requirements of Canadian professional standards.

Professional standards require that we communicate the related safeguards that have been applied to eliminate identified threats to independence or to reduce them to an acceptable level. Although we have policies and procedures to ensure that we did not provide any prohibited services and to ensure that we have not audited our own work, we have applied the following safeguards related to the threats to independence listed above:

- We instituted policies and procedures to prohibit us from making management decisions or assuming responsibility for such decisions
- We obtained pre-approval of non-audit services, and during this pre-approval process we discussed the nature of the engagement and other independence issues related to the services
- We obtained management's acknowledgement of responsibility for the results of the work performed by us regarding non-audit services, and we have not made any management decisions or assumed responsibility for such decisions

Appendix 3: Audit Quality and Risk Management

KPMG maintains a system of quality control designed to reflect our drive and determination to deliver independent, unbiased advice and opinions, and also meet the requirements of Canadian professional standards.

Quality control is fundamental to our business and is the responsibility of every partner and employee. The following diagram summarises the six key elements of our quality control systems.

Visit <http://www.kpmg.com/Ca/en/services/Audit/Pages/Audit-Quality-Resources.aspx> for more information.

- Other controls include:
 - Technical department and specialist resources provide real-time support to audit teams in the field.
- We conduct regular reviews of engagements and partners. Review teams are independent and the work of every audit partner is reviewed at least once every three years.
- We have policies and guidance to ensure that work performed by engagement personnel meets applicable professional standards, regulatory requirements and the firm's standards of quality.
- All KPMG partners and staff are required to act with integrity and objectivity and comply with applicable laws, regulations and professional standards at all times.

- We do not offer services that would impair our independence.
- The processes we employ to help retain and develop people include:
 - Assignment based on skills and experience;
 - Rotation of partners;
 - Performance evaluation;
 - Development and training; and
 - Appropriate supervision and coaching.
- We have policies and procedures for deciding whether to accept or continue a client relationship or to perform a specific engagement for that client.
- Existing audit relationships are reviewed annually and evaluated to identify instances where we should discontinue our professional association with the client.

Appendix 4: Background and professional standards

Internal control over financial reporting

As your auditors, we are required to obtain an understanding of internal control over financial reporting (ICFR) relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on internal control. Accordingly, we do not express an opinion on the effectiveness of internal control.

Our understanding of ICFR was for the limited purpose described above and was not designed to identify all control deficiencies that might be significant deficiencies and therefore, there can be no assurance that all significant deficiencies and other control deficiencies have been identified. Our awareness of control deficiencies varies with each audit and is influenced by the nature, timing, and extent of audit procedures performed, as well as other factors.

Documents containing or referring to the audited financial statements

We are required by our professional standards to read only documents containing or referring to audited financial statements and our related auditors' report that are available through to the date of our auditors' report. The objective of reading these documents through to the date of our auditors' report is to identify material inconsistencies, if any, between the audited financial statements and the other information. We also have certain responsibilities, if on reading the other information for the purpose of identifying material inconsistencies, we become aware of an apparent material misstatement of fact.

We are also required by our professional standards when the financial statements are translated into another language to consider whether each version, available through to the date of our auditors' report, contains the same information and carries the same meaning.

THE CORPORATION OF THE TOWN OF THE BLUE MOUNTAINS

Summary of Significant Accounting Policies

Year ended December 31, 2015

1. Significant accounting policies:

(a) Basis of accounting:

The consolidated financial statements of The Corporation of the Town of The Blue Mountains (the "Town") are representations of management. They have been prepared in accordance with the Canadian public sector accounting standards as recommended by the Public Sector Accounting Board (PSAB).

Revenues and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Use of estimates:

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Estimates are used when accounting for items such as accrued grant receivables, accrued liabilities, post-employment benefits and solid waste landfill closure and post-closure costs. By their nature, these estimates are subject to measurement uncertainty and actual results could differ from management's best estimates as additional information becomes available in the future.

(c) Basis of consolidation:

The consolidated statements reflect the assets, liabilities, revenues and expenses of all municipal organizations, revenues and expenses of all municipal organizations, committees, and boards which are owned or controlled by Council. All interfund assets and liabilities and revenues and expenses have been eliminated on consolidation.

The Blue Mountains Public Library Board	100%
---	------

Thornbury Business Improvement Area	100%
-------------------------------------	------

The Blue Mountains Attainable Housing Corporation	100%
---	------

A government partnership exists where the municipality has shared control over the board or entity. The municipality's pro-rata share of the assets, liabilities, revenues and expenses are reflected in the financial statements using the proportionate consolidation method. The municipality's proportionate interest of the following government partnership is reflected in the consolidated financial statements.

The following boards controlled by Council have been consolidated:

Georgian Trail Board of Management	41%

THE CORPORATION OF THE TOWN OF THE BLUE MOUNTAINS

Summary of Significant Accounting Policies (continued)

Year ended December 31, 2015

1. Significant accounting policies (continued):

(d) Cash and cash equivalents:

Cash and cash equivalents include all cash balances and short-term highly liquid investments that are readily convertible into cash.

(e) Temporary investments:

Temporary investments are recorded at the lower of cost or market.

(f) Long-term receivables:

Long-term receivables are recorded at cost.

(g) Inventory of supplies:

Inventory held for consumption is recorded at the lower of cost and replacement cost. Assets are recorded at cost less accumulated amortization. Costs include all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. Amortization is provided over the estimated useful life of the assets, using the straight-line method. The useful life of the assets is based on estimates made by Council. The following rates are used:

Asset	Useful Life - Years
Land improvements	10 to 50 years
Buildings	15 to 50 years
Machinery, equipment and vehicles	5 to 50 years
Water systems	20 to 100 years
Sewer systems	20 to 100 years
Roads	10 to 75 years

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and are also recorded as revenue.

(h) Post-employment benefits:

The municipality provides post-employment health and life insurance benefits to eligible retired employees. The benefits earned by employees are determined using management's best estimate of expected benefit costs and are expensed as services are rendered.

The contributions to the Ontario Municipal Employee's Retirement System ("OMERS"), a multi-employer defined benefit plan are expensed when contributions are due.

(i) County and school board:

The municipality collects taxation revenue on behalf of the school boards and the County of Grey. The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the school boards and the County of Grey are not reflected in these financial statements.

THE CORPORATION OF THE TOWN OF THE BLUE MOUNTAINS

Summary of Significant Accounting Policies (continued)

Year ended December 31, 2015

1. Significant accounting policies (continued):

(j) Trust funds:

Funds held in trust by the municipality, and their related operations, are not included in these financial statements. The financial activity and position of the trust funds are reported separately on the trust funds statement of continuity and balance sheet.

(k) Revenue recognition:

Revenues are recognized as follows:

- a) Tax levies are recognized as revenue when the amounts are levied on the municipality's ratepayers.
- b) Fines and donations are recognized when collected.
- c) Other revenues are recorded upon sale of goods or provision of service when collection is reasonably assured.
- d) Investment income earned on surplus funds (other than obligatory reserve funds) are reported as revenue in the period earned. Investment income earned on obligatory reserve funds is recorded directly to each fund balance.
- e) Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized and eligibility criteria have been met and reasonable estimates of the amounts can be made.
- f) Revenue restricted by legislation, regulation or agreement and not available for general municipal purposes is reported as deferred revenue on the consolidated statement of financial position. The revenue is reported on the consolidated statement of operations in the year in which it is used for the specified purpose.

(l) New accounting standard:

In 2010, PSAB issued PS 3260, Liability for Contaminated Sites. PS 3260 requires that a liability for a contaminated site be recognized when, as at the financial reporting date, all of the following criteria are met with respect to a site or partial site:

- a) An environmental standard exists;
- b) Contamination exceeds the environmental standard;
- c) The government:
 - i. Is directly responsible; or
 - ii. Accepts responsibility;
- d) it is expected that future economic benefits will be given up; and
- e) a reasonable estimate of the amount can be made.

The Town adopted the standard effective January 1, 2015. There was no impact of this standard on the financial statements.

7. Long-term liabilities (continued):

Principal payments estimated for the next 5 fiscal years, and thereafter, if not demanded, are as follows:

2016	\$	307,148
2017		306,446
2018		311,284
2019		316,230
2020		321,286
Thereafter		2,905,342
	\$	4,467,736

8. Solid waste closure and post-closure liabilities:

Solid waste closure and post-closure care requirements have been defined in accordance with industry standards and include final covering and landscaping of the landfill, removal of ground water and leachates, ongoing environmental monitoring, site inspection and maintenance.

The landfill post closure liability is based on the estimated remaining capacity of the site's opened cells. The remaining capacity of the site's opened cells are estimated at 219,400 cubic meters, which will be filled in 25 years (2040). Post-closure care is estimated to continue for a period of 50 years.

Site closure costs in 2040 are estimated at \$1,266,367. Post closure costs including monitoring and maintenance are estimated at approximately \$109,940 per year, or \$5,625,000 over the 50 year monitoring period. The liability for the landfill site is recorded at \$1,842,486 (2014 - \$2,037,685) and represents the present value of closure and post-closure costs for 62% of the site's capacity, using the municipality's average long-term borrowing rate of 4.23%.

The Town has a landfill reserve to help fund a portion of the liability. During 2015, there were no transfers to or from this reserve. The balance of this reserve at December 31, 2015 is \$194,474

15. Post-employment benefit:

The Town provides certain retirement benefits to retired employees who met certain requirements upon retirement. The Town pays for the cost of extended health benefits and life insurance for the retired employees. The post-employment benefit at December 31 includes the following component:

	2015	2014
Retirement benefits	\$ 23,849	\$ 28,457

The assumptions used reflect management's best estimates. The post-employment benefit liability was determined using a discount rate of 3.69%. For health and life insurance costs, a 2.12% annual rate of increase was assumed for 2013 and forwards.

16. Pension agreements:

The municipality makes contributions to the Ontario Municipality Employees Retirement Systems Fund (OMERS), which is a multi-employer plan, on behalf of its staff. This plan is a defined benefit plan which specifies the amount of the retirement benefits to be received by the employees based on the length of service and rates of pay. Employees and employers contribute jointly to the plan. The employer amount contributed to OMERS on behalf of 94 members of staff for 2015 current service was \$643,840 (2014 - \$626,951). The contribution rate for 2015 was 9% to 14.6% and 9.3% to 15.9% for firefighters depending on age and income level (2014 – 9.3% to 15.9%).

OMERS is a multi-employer plan, therefore, any pension plan surpluses or deficits are a joint responsibility of Ontario municipal organizations and their employees. As a result, the municipality does not recognize any share of the OMERS pension surplus or deficit. The last available report for the OMERS plan was December 31, 2015. At that time, the plan reported a \$7 billion actuarial deficit (2014 - \$7 billion actuarial deficit).

17. Trust funds:

The trust funds administered by the municipality amounting to \$325,582 (2013 - \$312,279) have not been included in the consolidated statement of financial position nor have the operations been included in the consolidated statement of financial activities. At December 31, 2015 the trust fund balances are as follows:

	2015	2014
Cemetery Care and Maintenance funds	\$ 325,582	\$ 312,279

18. Contractual commitments:

- (a) The Town has entered into contracts totalling \$6,740,803 to upgrade and extend road, sewer and water services and purchase equipment. A total of \$3,540,895 remains to be spent. These commitments will be funded by municipal reserve funds, development charges, local improvement charges, government grants and long-term debt.
- (b) The Town has entered into agreements with various contractors for water, winter maintenance, garbage and recycling collection services for the following amounts:

2016	1,046,538
2017	971,943
2018	721,657
2019	590,812

19. Subdivision agreements:

As part of various subdivision agreements, the Town has received letters of credit to cover developers' responsibilities in completing the projects as well as covering unpaid municipal levies. Letters of credit held by the Town at December 31, 2015 amount to \$10,250,074 (2014 - \$10,529,654).

20. Contingencies:

OMERS has notified the Town that the Town may be required to pay OMERS contributions for an omission period from 1998 to 2007. The effect on expenses, if any, will be recorded in the fiscal year in which it can be determined.

The Town is subject to various litigation and claims arising in the normal course of its operations. The final outcome of the outstanding claims cannot be determined at this time. Management assesses such claims and where considered likely to be material exposure and, where the amount of the claim is quantifiable, provisions for loss are made based on management's assessment of likely outcome. The Town does not provide for claims that are considered unlikely to result in a significant loss, claims for which the outcome is not determinable or claims where the amount of loss cannot be reasonably estimated. Any settlements or awards under such claims are provided when reasonably determinable. It is the opinion of management that exposure to property, liability and accident claims is adequately covered by the Town's insurance coverage.

21. Segmented information:

The Town is a diversified municipal government institution that provides a wide range of services to its citizens such as police, fire, sewer, water, waste collection, disposal and recycling, recreational, library and planning. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities they encompass are as follows:

(a) General government:

This item relates to the revenues and expense that relate to the governance and operation of the municipality itself and cannot be directly attributed to a specific segment.

(b) Protection to persons and property services:

Protection is comprised of police services, fire protection, conversation authority, emergency measures, animal control and building and structural inspection. The police services work is to ensure the safety and protection of the citizens and their property. The fire department is responsible to provide fire suppression services, fire prevention program training and education. The members of the fire department consist of volunteers. Building and By-law services provides a number of services including By-law enforcement, maintenance and enforcement of building and construction codes and review of all property development plans through its application process.

21. Segmented information (continued):

(c) Transportation services:

Transportation is responsible for construction and maintenance of the municipality's roadways, bridges, parking areas and streetlighting.

(d) Waste management:

Waste management consists of providing solid waste collection, landfill and disposal services. It also consists of environmental initiatives.

(e) Water and wastewater:

Water and wastewater consist of providing collection, distribution and treatment services. It also ensures the municipality's water system meets all Provincial standards.

(f) Health services:

Health services include contributions to the operations of local cemeteries.

(g) Recreational and cultural services:

This service area provides services meant to improve the health and development of the Town's citizens. The Town operates and maintains parks and arenas. The municipality also provides library services and recreational programs.

(h) Planning and development:

This department is responsible for planning and zoning, including the Official Plan. This service area also includes tourist information and promotion, business improvement area, weed control and drainage.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies. Amounts that are directly attributable to a number of segments have been allocated on a reasonable basis as follows:

- Taxation, payments-in-lieu, penalties and interest:

Allocated to those segments that are funded by these amounts based on the actual for the year.

- OMPF grants:

Allocated to segments based on the actuals for the year.
