TOWN OF THE BLUE MOUNTAINS
PER: _____

ANDREW J. BROWN
ZYDANA TAYLOR BROWN

January 23, 2017

To - Council: Town of the Blue Mountains and Town employees.

I'll make this short. There is a landing strip for use by small aircraft on property adjacent to ours. Thus the ~~invas~~ is over our property. The low flying planes using this strip are dangerously close to our house, an invasion of privacy and quite frankly, it shows a lack of etiquette by the pilot.

I believe the material used for some of the landing strip was provided by the Town of the Blue Mountains via a temporary road to Slabtown. This material is now a landing strip on private property that's causing aggravation for long time residents (47 years) and tax payers. How could this happen? The enjoyment of our property is important to us. Looking forward to your help with this situation

Thanks
