

To: Mayor and Members of Council

This letter is in response to the delay of the OMB hearing on Zoning Appeal for 209553 Hwy 26.

We believe that this delay is of benefit *only* to the owner as he continues to advertise the property for rental purposes, with bookings as far ahead as November 2016. Unfortunately the neighbours and community are the ones to suffer as the Town's bylaws are totally ignored.

We object that this illegal STA will get to operate for an additional 9 Months because of the owner's request. This long delay is unacceptable; Council should demand an earlier date.

We suggest that the bylaws should be applied and this business be closed down until the hearing. I'm sure the owner would then be anxious to move the hearing forward if this action were to be taken.

Your attention to this objection is appreciated and a response is requested.

Regards,

*Terry & Vicki Kellar*
