Subject: Deputation for Monday February 13 Council Meeting

Hi Corrina,

At the Monday council meeting, I'd like to make a deputation on behalf of VOCAL on the subject of the proposed Memorandum of Agreement. I will be arguing for a more careful consideration of the language in the Memorandum and the Schedules which may be in non-compliance with the Public Libraries Act. I believe the Council should delay its approval of Staff Report (FAF.17.24) until they have had a chance to consider changes in some of the wording. The ministry of Tourism, Culture and Sport had expressed a willingness to engage in helping to make sure that the MOU is in harmony with the letter and the intent of the PLA, and I will urge the council and the board -- both of whom must agree to the memorandum -- to make use of their expertise before the MOU is passed, to avoid any future problems.

I'm attaching the request form.

Thank you,
pw
