Application

This policy applies to all Staff, Council and Boards of Town of The Blue Mountains with respect to the Town's procurement activities.

Procedures

The Manager of Purchasing shall have the authority to develop procedures to implement this policy in association with the Core Leadership Team.

The Purchasing Procedures will be approved by the Core Leadership Team and are to be used as instruction for staff when purchasing goods or services in compliance with this policy.

The Manager of Purchasing will administer this policy.

Any question involving the meaning or application of this policy is to be submitted to the Manager of Purchasing who will resolve the question.

No contract or purchase shall be divided to avoid any requirements of this policy.

Procurement Methods

All purchase of goods, services and construction shall be undertaken utilizing one of the following methods of procurement, using standardized documents.

Where long term, valued relationships exist with material, equipment or support services providers, they should be examined periodically to ensure that the Town is getting the best value when purchasing.

1. Informal Processes

Informal processes are to be completed by the user department and shall include direct purchase or Informal Quotations. It will also include the Request for Quote process where Purchasing will assist in the document creation with the user department.

2. Direct Purchasing

Direct purchase, as described below, may be used when:

- 2.1. The dollar value of the item is equal to or less than \$5,000
- 2.2. The item is not covered under a Blanket Order Contract

3. Request for Quotation (RFQ)

Request for Quotation procedures will be used when:

- 3.1. The cost of the item is between \$5,000 and \$24,999
- 3.2. The ability exists to detail what is being purchased
- 3.3. Document title will be consecutively numbered based on the Town's numbering and naming convention. User division shall request such number.
- 3.4. Best Value for the Town can be achieved by an Award selection made on the basis of the lowest compliant bid that meets specifications

4. Formal Processes

Formal processes will be issued by Purchasing and shall include Request for Tender or Request for Proposal.

5. Request for Tender (RFT)

RFT procedures shall be used when:

- 5.1. The cost of the item is greater than \$25,000
- 5.2. The ability exists to detail what is being purchased
- 5.3. Best Value for the Town can be achieved by an Award selection made on the basis of the lowest compliant bid that meets minimum specifications

6. Request for Proposal (RFP)

Request for Proposal procedures shall be used when:

- 6.1. The requirement is best described in a general performance specification
- 6.2. Innovative solutions are sought
- 6.3. The Award selection will be made based on a fully disclosed evaluation method involving a combination of mandatory and desirable requirements

7. Other Processes

8. Blanket Order Contracts

Blanket Order Contracts occur as a result of a previous competitive bid, which establishes the successful bidder as the preferred source for a product or service over a specific term.

9. Rotational Rosters

A Rotational Roster is the result of a competitive bidding process, which prequalifies vendors to be placed on a list where they will be provided an equal opportunity to perform work for the Town as it becomes available.

10. Unsolicited Proposals

Unsolicited bids received by the Town shall be reviewed by the respective Department Head and Purchasing. Unsolicited proposals must be in writing detailing information on a product or service that may provide the Town with significant value or savings.

11. Cooperative Purchasing

The Manager of Purchasing and Department Head(s) are hereby authorized to participate in cooperative purchasing arrangements with other municipalities, counties/regions, associations, local boards and public agencies within the Province. The procurement policies or procurement by-law of the host agency will apply upon the Manager of Purchasing and Department Head(s) satisfying themselves that the host agency will be proceeding to the open market to obtain competitive pricing. Award approvals of all Co-operative Purchasing contracts shall be in accordance with the Purchasing Procedures.

12. Sole and Single Sourcing

Sole Sourcing is a method of procurement whereby a purchase order is issued or contract awarded without a competitive bidding process due to the fact that the supplier is the only source of supply for the required goods or services.

Single Sourcing is a method of procurement whereby there is more than one vendor able to supply and a purchase order is issued or contract awarded without a competitive bidding process.

The use of Sole and Single Sourcing with a particular vendor exceeding \$25,000 must be reported to Council. Any single or sole sourcing with an amount between \$5000 and \$24,999 must be reported to Manager of Purchasing by the applicable Director. In order for a division to sole or single source for goods or services exceeding \$25,000, an operating strategy must be presented with Purchasing input and approved by Council, outlining the rationale. Input must be sought from the Manager of Purchasing to ensure the purchasing principles in the Town's Procedures are taken into consideration and risk to the Town is minimized.

13. Negotiation

Negotiation may only be used under the following circumstances:

- 13.1. Those outlined above within Sole and Single Sourcing
- 13.2. As a result of an RFP process, if required

- 13.3. With respect to RFT's, and RFQ's, the Town may enter into negotiations with the lowest compliant bidder if the price bid is over the budgeted amount for the project. Should the Town be unable to reach an agreement with the lowest compliant bidder, the Town reserves the right to enter into negotiations with the next lowest compliant bidder, to cancel the bid opportunity or to present a report to Council whichever is deemed to be in the best interest of the Town.

It is the responsibility of Purchasing to ensure that all competitive bidding options have been considered prior to the negotiation method being utilized.

14. Procurement in Emergencies

Notwithstanding the provisions of this by-law, an emergency purchase shall be made when an event occurs that is determined by the Mayor, the C.A.O. and/or Department Head to be a threat. Where in the above opinion an emergency has occurred, non-competitive procurement or negotiation methods may be utilized.

15. Non-Competitive Purchases

Under the direction and control of Purchasing, the requirement for competitive bid solicitation for goods and services may be waived under the authority of this Policy and replaced with Negotiations.

16. Request for Expression of Interest

Requests for Expression of Interest may be issued to prequalify vendors for various projects or purchases or to obtain information on the availability and interest of suppliers of any goods or services. Requests for Expression of Interest may or may not result in the development of a list of available suppliers.

17. Request for Pre-Qualification (RFPQ)

RFPQ may be issued to prequalify vendors for various projects or purchases. The purpose of an RFPQ is to determine whether the qualifications of a bidder, as required by the Town, are at a level that will allow participation in a subsequent bidding opportunity that takes place as a direct result of the Request for Pre-Qualification.

18. Request for Information (RFI)

An RFI may be issued by Managers/Purchasing to provide staff with specifications for future use.

An RFI may be issued in advance of a formal bid process to assist in the development of a more definitive set of terms and conditions, scope of work/service and the selection of qualified Vendors.

An RFI may or may not lead to a formal bid process.

Procurement Legislation and Guidelines

The Municipal Act, 2001, Part VI, Section 270, as amended states that before January 1, 2005, a municipality shall adopt and maintain a policy with respect to procurement of goods and services. Although procurement is governed by Contract Law, there are various Trade Agreements and Guidelines to be considered.

I Contract Law in Canada

A contract is any legally enforceable agreement. Any agreement to purchase is a contract if it involves the following elements:

- a. A legal offer that is clearly defined – offers must be unambiguous, not vague
- b. Acceptance of said offer. Acceptance terms must match offer terms
- c. Legal consideration – both parties have given something of value
- d. Legal purposes – contract must be of/for legal goods and/or services

- e. Legal intention – each participant must have intended to be part of the contract
- f. Competence – or legal capacity to enter into a contract

Verbal Contracts – although legal and binding, are always vague and lack important terms and conditions; any deals should be in writing wherever possible.

II Trade Agreements

The Agreement on the Opening of Public Procurement for Ontario and Quebec and the Agreement on Internal Trade are interprovincial trade agreements, which under their terms, apply when “MASH entities” (municipalities, municipal organizations, school boards and publicly-funded academic, health and social services entities) engage in:

- a. Goods and services procured with an estimated value of \$100,000 or more
- b. Construction procurement with an estimated value of \$100,000 or more (under the Agreement on the Opening of Public Procurement for Ontario and Quebec)
- c. Construction procurement with an estimated value of \$250,000 or more (under the MASH Annex to the Agreement on Internal Trade)
- d. “MASH entities” is a defined term in the agreements and include municipalities and municipal organizations. Under the agreements, for procurements at or above the above noted threshold levels, MASH entities are not to discriminate in their procurement practices against suppliers based on suppliers’ geographic location. For procurement below these thresholds, the agreements require MASH entities to respect the spirit and intent of the agreements

Both of these trade agreements are designed to promote inter-provincial trade, eliminate barriers to trade, and ensure that vendors are treated fairly when competing for procurement opportunities regardless of their geographic location.

These agreements affect the Town’s advertising practices for all goods and services including the advertisement of all construction projects over \$100,000.

III The Discriminatory Business Practices Act

The purpose and intent of this Act is to prevent discrimination in Ontario on the ground of race, creed, colour, nationality, and ancestry, place of origin, sex or geographical location of persons employed in or engaging in business. R.S.O. 1990, c. D.12, s. 2.

IV Conflict of Interest Act

It is a criminal offence when an elected politician, public official or government employee acts contrary to his or her duty to the public to obtain a personal benefit per Section 122 of the Criminal Code.

Consequences of Non-Compliance

Failure to adhere to the requirements outlined in this Policy may lead to progressive disciplinary action up to and including termination of employment.

Review Cycle

This Policy will be reviewed at least once every term of Council.
