

Deputation submission by Jeff Neely 22 August 2016

Regarding Donald McFaul Neely

The purpose of my deputation is to have my uncle, Donald McFaul Neely re-interred with his family, in the family plot, at a shared cost.

At the time of his death, uncle Don was estranged from my family, and I learned of his death & burial after the fact, when contacted by OPGT. I assumed his wishes had been carried out, and didn't research matters until I retired in 2012. Once I discovered he wasn't where he wanted to be, I made inquiries, and they have lead me to today.

What I propose is a shared cost re-internment.

a)cost of re-internment is \$1859 (+HST)

b)cost of a single plot \$ 875(+HST)

c)there are 2 open plots in our family's group (no cost)

His current plot was paid for by his estate, so that's \$875 Credit. Resold is another \$875= \$1750 Credit

I propose we split the cost of re-internment 50/50, between my family & the Township . (a profit of approx \$ 830 for the Township)

My uncle's wish, was to be buried with his parents & siblings, this affords him his final wish.

Thank you
