Mayor Ellen Anderson,

As a worker in the community the need for a youth program including housing, along with supports and life skills has been recognized and is part of the 10 year housing and homelessness plan for Simcoe County.

We are asking your organization to write a letter of support for Home Horizon Transitional Support Program as we venture into a program for youth called "Build Your Own Roof." The idea is to develop a program directed towards youth of the approximate age 16 to 29 years and will involve urgent response including emergency, transitional and supportive housing. The program will also include an educational component, life skills, and will be longer term by assisting clients in gaining access to resources.

The youth program will be located in Collingwood with outreach to the outlying areas.

If you are willing and able to provide Home Horizon with a letter of support for this program please forward your letter to the attention of Doris Sensenberger:

Making good things happen in our community!

June 3rd, 2014

Dear Madam Mayor Anderson and Members of Council,

As you are aware, BVO was granted in-kind funding from the Grants and Donations Budget for a Home and Garden Show that we were hoping to run. As it turned out, for a variety of reasons, we did not end up running the Home and Garden Show and therefore did not utilize the funding allotment granted to us. As a result, I am requesting that the dollars allotted to us for the Home and Garden Show be transferred to us for use of the Arena and Lobby for the month of July for our Summer Fun Day Camp program? I have had conversations with staff at the Community Centre and they indicated that the space was available and that they could accommodate our group in July.

We appreciate the support from Council and thank you for considering our request of a change with respect to our in-kind funding for rental fees at BVCC. Feel free to call me if you need any clarification with respect to this request.

Sincerely,

Carolyn Letourneau
