### **PURPOSE AND EFFECT OF THIS BY-LAW**

The purpose of this By-law is to address a potential condition of Consent on Application B12-2008. The consent application proposes to sever a vacant residential parcel on the western portion of the property; and deed it as a lot addition to the existing residential parcel to the west. A residential parcel would be retained, containing an existing dwelling and detached garage. An amendment is required to recognize the retained parcel and the newly enlarged parcel without having direct frontage and access to an improved public street, as the subject lands have an existing registered private right-of-way for vehicular access.

The effect of this By-law is to establish the retained parcel and the newly enlarged parcel as existing lots of record which have access to an improved public street by means of an existing registered private right-of-way for vehicular access purposes.

The subject lands of this By-law are comprised of Part Lot 30, Concession 8.
