## Enforcement Services – By-law Division

**Report To:** Council  
**Meeting Date:** July 10, 2017  
**Report Number:** FAF.17.90  
**Subject:** Blue Mountain Resorts LP, 115 Swiss Meadows Blvd. –  
 Noise By-law Exemption Request  
**Prepared by:** Emily Beauchamp, By-law Services Assistant

### A. Recommendations

THAT Council receive Staff Report FAF.17.90 “Blue Mountain Resorts LP”, 115 Swiss Meadows Blvd. – Noise By-law Exemption Request; and

THAT Council provide direction to staff with respect to their request to permit noise as follows:

#### **Mars Canada/Wrigley – Top of Hill Event**

Date:	Thursday July 13, 2017
Location:	Top of Hill - 115 Swiss Meadows Boulevard
Function Time:	7:00PM to 11:00PM
Type of Event:	Conference Group – Reception and Dinner
Source of Sound:	Four-piece band (8:30 p.m. – 11:00 p.m.)

### B. Overview

Blue Mountain Resorts LP is requesting relief from the noise by-law for an outdoor dinner, reception and four-piece band at the top of the hill on Thursday July 13, 2017.

### C. Background

The Town is in receipt of a request from the Operator of the subject premises for relief from the provisions of the Noise By-law (Attachment 1) as follows:

#### **Mars Canada/Wrigley – Top of Hill Event**

Date:	Thursday July 13, 2017
Location:	Top of Hill - 115 Swiss Meadows Boulevard
Function Time:	7:00PM to 11:00PM
Type of Event:	Conference Group – Reception and Dinner
Source of Sound:	Four-piece band (8:30 p.m. – 11:00 p.m.)

Blue Mountain Resorts advised the reason(s) the applicant feels the exemption should be granted:

- a. This top of hill event is part of a series of conference events that Mars/Wrigley is hosting at Blue Mountain Resort this year. There will be up to 250 delegates from across the country in attendance. BMR respectfully suggests that this event is 'expected to promote the community provincially, nationally, or internationally'. If Council determines this to be true, it would meet the Town's Criteria for Noise By-law Relief consideration.
- b. The conference group is aware of the Town's Noise by-law and is understanding that the level of noise will be monitored by BMR representatives on site.

Blue Mountain Resorts advised of the following mitigating measures considered to reduce the impact of noise on potentially affected residential premise(s):

- a. BMR staff will monitor noise levels and mitigate as necessary;
- b. This will be a tented event. Music speakers will be located inside the tent and will be directed inwards - away from neighbouring properties. BMR representatives will monitor the music volume at all times.

Blue Mountain Resorts had a similar Noise By-law exemption request in 2016 and Council resolved to grant the request.

By-law Enforcement did not receive any complaints in 2015 or 2016 and nothing so far in 2017.

Section 3 e) of the Noise By-law permits the making of noises or sounds related to the non-residential use of land permitted by a by-law enacted by the municipality pursuant to the applicable Zoning By-law from 07:00 to 19:00.

It is noted that outdoor events in themselves outside of 07:00 to 19:00 are not prohibited. The making of noise is prohibited in the instance where such events are likely to disturb the peace, quiet, comfort or repose of any inhabitant.

The properties within 120 metres of 115 Swiss Meadows Boulevard are all vacant properties so the neighbours were not circulated with this request.

Hi Emily,

As per my previous email to you, the conference group originally scheduled for the Blue Mountain Beach on Thursday July 20 has decided to go to Alpine Ski Club so that noise by-law relief request has been withdrawn. However, Blue Mountain has now received another last minute request for noise by-law relief for a conference group booking at the top of the hill (115 Swiss Meadows Boulevard) for Thursday July 13, 2017.

I believe all of the details you require to move forward with processing this request are provided below. If there is anything further you need – please do not hesitate to contact me. Given the event is scheduled for Thursday July 13, it is our hope that you may be in a position to bring a Staff Report directly to the Council meeting scheduled for Monday July 10 – similar to what you were prepared to do for the Blue Mountain Beach request. BMR is not aware of any noise by-law complaints associated with previous events hosted at this particular site.

**Mars Canada/Wrigley – Top of Hill Event Information**

Date: Thursday July 13, 2017  
Function Time: 7:00 pm to 11:00 pm  
Type of Event: Conference Group – Dinner & Reception  
Source of Sound: 4-piece band playing from 8:30-11:00PM

The reason(s) the applicant feels the exemption should be granted:

- a. This top of hill event is part of a series of conference events that Mars/Wrigley is hosting at Blue Mountain Resort this year. There will be up to 250 delegates from across the country in attendance. BMR respectfully suggests that this event is ‘expected to promote the community provincially, nationally, or internationally’. If Council determines this to be true, it would meet the Town’s Criteria for Noise By-law Relief consideration.
- b. The conference group is aware of the Town’s Noise by-law and is understanding that the level of noise will be monitored by BMR representatives on site.

Mitigating measures considered to reduce the impact of noise on potentially affected residential premise(s):

- a. BMR staff will monitor noise levels and mitigate as necessary;
- b. This will be a tented event. Music speakers will be located inside the tent and will be directed inwards - away from neighbouring properties. BMR representatives will monitor the music volume at all times.

Thank you for your consideration,

Lindsay
