

**STAFF REPORT: Financial and Information Services**

**REPORT TO:** Council  
**MEETING DATE:** April 27<sup>th</sup>, 2009  
**REPORT NO.:** FIS.09.21  
**SUBJECT:** Capital Sewer Charge – Grey County Road 19 and Craigleith Road Sanitary Sewer Works  
**PREPARED BY:** Elizabeth Thompson, Deputy Treasurer and Debbie Brown, Financial Analyst

**A. Recommendations**

THAT Council receive Staff Report FIS.09.21, "Capital Sewer Charge - Grey County Road 19 and Craigleith Road Sanitary Sewer Works", for information purposes;

AND THAT Council authorize staff to present the proposed by-law at the May 25<sup>th</sup>, 2009 regular meeting of Council for adoption, to impose the Capital Sewer Charge on the benefiting property owners fronting Grey County Road 19 and Craigleith Road Sewer Works;

AND WHEREAS a public meeting is required to impose the Capital Sewer Charge, staff has circulated the proposed by-law and provided notice by regular mail of the meeting to be held on May 11<sup>th</sup>, 2009.

AND FURTHER THAT the proposed by-law imposing the Capital Sewer Charge allows for two payment options for benefiting property owners as follows:

- a) Payment in full of \$ 10,798.64 due by June 30<sup>th</sup>, 2009,
- b) A payment of \$ 1,435.32 annually for 10 years at 6% interest per annum. The balance owing on the loan may be repaid at any time, including interest to date with no penalty applied. If a benefiting property is sold or transferred, the balance of the loan becomes due and payable.

**B. Background****Initiation of Project**

The Orchards at Craigleith development required the extension of the municipal sanitary sewer main along Grey Road 19 in order to service their lands, to be developed in two phases.

## **Description of Project**

A sanitary sewer main has been constructed on Grey Road 19 from Lakeshore Road South to 300 metres south of Craigleith Road and on Craigleith Road between Craigleith Walk and Grey Road 19.

## **Funding and Financing**

Report T-2006-16, recommended that 100% of sanitary sewer project costs be funded (recovered) from benefiting property owners. Costs related to the roads upgrades to an urban standard, storm sewers and walking paths will be funded from development charges.

In July, 2005 the Town entered into a Financing and Cost Sharing Agreement with 2011972 Ontario Ltd. and MacPherson Builders (Collingwood) Ltd. (the "Owner") for the purpose of extending the sanitary sewer main along Grey Road 19 to service the Orchards at Craigleith development. The Owner agreed to finance the cost of sanitary sewer main extension and related works to service the Owner's land and future benefiting lands along County Rd 19 (Phase 1) and along Craigleith Road (Phase 2). The Town agreed to finance similar costs to service the existing benefiting lands and use reasonable efforts to impose a charge on future benefiting owners to recover the owners proportional cost of the works, and shall immediately upon receiving payment reimburse to the Owner.

## **C. The Blue Mountains' Strategic Plan**

Providing a strong, well managed municipal government, and addressing the Town's municipal infrastructure needs.

## **D. Environmental Impacts**

Elimination of septic systems will improve the ecosystem and groundwater quality.

## **E. Budget Impact**

The proposed By-Law will impose each benefiting property owner with a capital sewer charge on a per unit basis, with the total project costing \$ 1,541,151.39.

Capital Costs per Unit	
New Sewage Works	\$ 3,780.64
Sewage Lateral	\$ 2,200.00
Equivalent Capital Charge for existing Works - Craigleith Wastewater Treatment Plant	<u>\$ 4,818.00</u>
Total Capital Sewer Charge	\$ 10,798.64

Each Benefiting Property Owner will have the option of paying the capital sewer charge in full or electing to finance the capital sewer charge over 10 years. An election form will be forwarded to each of the benefiting property owners after the adoption of the By-law, to be returned to the Town Treasurer with their choice prior to June 30, 2009. If the election form is not returned by June 30, 2009 the full capital sewer charge will become due and payable by June 30, 2009.

Residents that elect to finance their capital sewer charge with the Town will be billed in four quarterly instalments each year for 10 years. The annual payment amount is \$1,435.32 and will be due with the municipal tax instalments.

Maximum financing cash required by the Town, if all property owners chose to repay the debt over time, is \$809,898. The addition of the resulting annual debt repayment will not cause the Town to exceed the annual repayment limit as determined by Ontario Regulation 403/02.

The funding of this project will have no impact on the property tax rate.
