A. Recommendations

THAT Council receives Report EPW.08.32 entitled "Grey County Road System Update" for their information.

B. Background

The Town has worked closely with the County of Grey during the completion of their 2006 Grey County Road Rationalization Study. The result of which is the inclusion of the 15th Side Road, Scenic Caves Road, and a small portion of Mountain Drive within the County Road System as of May 1, 2008. This route along with an existing portion of Grey Road 19 from Grey Road 13 to Ravenna will be renamed Grey Road 119 to provide continuity from the base of Blue Mountain Resort to Grey Road 13.

Three reports received from the Corporation of The County of Grey Transportation and Public Safety Committee (TAPS Committee) are attached to provide background information on the County's decision.

Also attached is a larger scale location map of the above mentioned roads (Attachment #1).

C. The Blue Mountains' Strategic Plan

The Report furthers the Town Strategic Plan Goal # 2 "Addressing the Town Municipal Infrastructure Needs".

D. Budget Impact
