B. Background

Purpose:

To seek Council's consideration and direction related to:

1. The enactment of a Short Term Accommodation (STA) Licensing By-law;
2. Proceeding to a Public Meeting so as to receive comments with respect to proposed amendments to the Town's Property Standards By-law;
3. Proceeding with the recruitment and hiring of 1.5 FTE contract positions so as to support the STA Licensing Program; and,
4. The composition of the STA Licensing Committee.

Background:

The Town has been considering the development and enactment of a STA Licensing By-law and related Program for a number of years.

With the Ontario Municipal Board's Order of June 22, 2011 respecting Town Official Plan Amendment No. 11 and related Zoning By-law Amendments and the subsequent Superior Court of Justice decision of July 19, 2012 related to an application for leave to appeal, the Town proceeded to develop and receive input on an STA Licensing By-law.

The development of the STA Licensing By-law has included Stakeholder Consultations in the fall of 2012; Council's consideration of comments from the Stakeholder Consultations on January 21, 2013; Special Meeting of Council – Council Workshop on January 30, 2013; Public Meeting on April 15, 2013; Council's establishment of a Special STA Stakeholder Committee on May 6, 2013; Council's consideration of the Special STA Stakeholder Committee's Report on July 2, 2013; and, a Special Meeting of Council - Council Workshop on October 28, 2013.

At its Special Meeting of October 28, 2013, Council provided verbal direction with respect to the STA Licensing By-law with staff's summary of these directions being affirmed by Council's Committee of the Whole on November 13, 2013 with six of seven members of council in attendance.

Analysis:

With the directions provided by Council, Town staff has prepared a Draft STA Licensing By-law for Council's consideration (Appendix "A").

These directions from Council have been addressed as follows:

ITEM	SUBJECT	BY-LAW REFERENCE	COMMENT
1	Licence Term	4.12	Two Years
2	Transferability of Licence	4.11 & 4.15	Issued to Owner & not transferable without Town Approval/Consent subsequent to an Application, Inspection, etc.
3	Bedroom	1.1	New definition
4	Maximum Occupant Load per Bedroom ⁽¹⁾	5.9	Continues at two persons
5	Availability of Contact Information for Responsible Person to Residents/Property Owners	4.29 & 5.14	Posted to the Town's website and available to the Public
6	Posting of Licence c/w Responsible Person Information	5.13	Condition of Licence

7	Provision of Security	N/A	Not implemented as Administrative Penalties as set out at 4.18 & 11.0 will allow for collection of unpaid fees, charges, etc.
8	Proof of Licence re Real Estate and Business Brokers Act	N/A	5.22 deleted
9	Suspensions & Revocations	4.20 & 4.21	To be addressed by a Licensing Committee appointed by Council. Also see Demerit Point System at 6.0.
10	Final Appeal	4.24	Council
12	Parking	4.3 (10) & 5.10	Parking Management Plan Requirement
13	Property Standards, Garbage Storage, Etc.	4.3 (11) & 5.10	Property Management Plan
14	Renter's Code	4.3(12) & 5.15	Condition of Licence
15	Implementation	2.2, 3.1 & Schedule A-1	Phased Implementation to address operational capacity concerns

- (1) Town staff has been consistent that this is a legitimate regulation in terms of licensing under the provisions of the Municipal Act, specifically addressing the health, safety and well-being of persons; and, imposing conditions as a requirement for the holding of a licence. Attempts have been made to clarify that Part 9 of the Ontario Building Code (OBC) indicates that the occupant load of a premise is based on two persons per sleeping room or sleeping area and this number is utilized for the purposes of the OBC.

Committee:

Council has provided input that suspensions and revocations are to be addressed by a Committee appointed by Council. In this regard, there are a number of options for Council to consider including:

1. Council as a Whole (7 Members with 4 being a quorum)
2. Committee of Council with Council Members forming the Committee (minimum of 3 members)
3. Committee of Council with a mix of Council Members and Members of the Public (minimum of 3 members)
4. Committee of Council with solely Members of the Public (minimum of 3 members)

It is anticipated that meetings would occur once a month and potentially consume approximately 1 – 3 hours.

Town staff seeks direction with respect to Council's preference. Upon providing this direction Town staff will report back with a Terms of Reference, Policies and Procedures Guide, recommended advertising and appointment process (if applicable) and any other information/material that is required to establish the Committee.

Implementation:

Discussions have been had with the Fire Department with respect to implementation and, subject to Council's adoption of Recommendation 4, Town staff is recommending that the By-law become effective July 2, 2014, with it being noted that the required forms, processes, tracking system revisions and necessary staffing being in place on or about March 24, 2014 enabling review and related inspections of the initial approximate 60 – 80 short-term accommodation applications.

Licensing Fees:

Given the change to a two year licence period, implementation of the By-law in phases and uncertainty in terms of the establishment of the Committee, further analysis is required so as to develop a licence fee structure that will represent full cost recovery. These fees will include actual licence application fee, licence replacement fee, Meeting Fee, Hearing Fee, Committee Application Fee, Appeal of Committee Decision to Council Fee and Committee Remuneration (if applicable).

It is intended that licensing fees be incorporated into the Town's Tariff of Fees By-law, By-law No. 2000-90, as amended.

The Blue Mountains Fire Department:

The Fire Department has advised that on the basis of an initial 60 - 80 properties, and cooperation from the owners/agents, that their initial inspections could be completed with their current staffing compliment within 90 days. Further, they have advised that the turnaround time from the date of an inspection request to the date of the inspection is from 1 – 5 business days.

With respect to Fire Department inspection fees, they have advised that their inspection fee is \$75.00 in accordance with By-law No. 2012-20. The first re-inspection fee is included in the initial \$75.00 with the second re-inspection fee being \$150.00.

Building & By-law Services:

Considerable work will be required to be undertaken prior to the effective date of the By-law. This includes the development of policies and procedures, forms, changes to CityView (tracking system), advertising, recruitment and training of staff resources, etc.

Staff Report B.12.13 (Appendix "B"), adopted by Council on June 11, 2012, approved start-up funding related to a short-term licensing program, including the necessary funds for staff resources.

With regard to staff resources, Staff Report B.12.13 indicated a need for an additional 1.5 Contract FTE positions for the start-up of the short-term accommodation licensing program. Town staff continues to see a need for these additional 1.5 Contract FTE's.

Operationally, the 1.0 Contract FTE position will be a Licensing Officer and the 0.5 Contract FTE position will be combined with the other 0.5 Contract FTE position that

exists and currently supports the Town's Security Alarm Program and By-law Services work group (this position is referenced below as the Hybrid FTE Position).

With the full implementation of remote and/or field entry of data by field staff, greater emphasis on office data entry by field staff, and planned operational changes within the Planning & Building Services Department, including re-allocation of certain services from one operating division to another, opportunity exists to utilize the Hybrid FTE Position so as to include support of the licensing program and also field work/inspections related to by-law enforcement. Town staff will pursue this operationally change through the recruitment and selection process. Further, Town staff will report back to Council on By-law Services staffing needs following full implementation of the short-term accommodation licensing program.

In light of the recommended phased implementation of the program, and the related timelines associated therewith, being somewhat condensed from that which was originally anticipated, Town staff see a need to proceed with recruitment of the 1.5 Contract FTE positions as soon as practicable so as to have staff in place by March 1, 2014.

Property Standards By-law:

As issue that has previously been identified is that there will be an expectation that with a premise being licensed that a certain minimum property standard will be met. In this regard, Town staff recommends that a Public Meeting be scheduled so as to receive comments with respect to proposed amendments to the Town's Property Standards By-law so as to prescribe standards for the maintenance and occupancy of the interior of a building or structure (substantially in accordance with Appendix "C").

Seamless Approach:

Town staff has been dialoguing with respect to ensuring that the process is as seamless as possible. Every effort will be made to ensure that a single point of contact is in place in terms of information requirements, applications, payment of fees, processing of applications, messaging, etc.

Communication Plan:

If the recommendations of this Report are adopted, Town staff will develop a Communication Plan that will assist the public in understanding roles and responsibilities, requirements, effective date of the by-law, etc.

Summary:

It is recommended that:

1. That Council enact the attached STA Licensing By-law with same having an effective date of July 2, 2014 for the areas identified.

2. That Council endorse the recruitment and hiring of 1.5 FTE contract positions previously authorized by Council on June 11, 2012.
3. That Council direct that a Public Meeting be scheduled so as to receive comments with respect to proposed amendments to the Town's Property Standards By-law.
4. That Council provide direction on the composition of the STA Licensing Committee.

STAFF REPORT: Planning & Building Services Department

REPORT TO: Planning & Building Committee
MEETING DATE: June 6, 2012
REPORT NO.: B.12.13
SUBJECT: Short Term Accommodation
Licencing Program
PREPARED BY: D. Finbow, Director, Planning &
Building Services

A. Recommendations

THAT Council receive Staff Report B.12.13 respecting "Short Term Accommodation Licencing Program";

AND THAT Council direct Town Staff to proceed with the finalization of a Draft Short Term Accommodation Licencing By-law based on the draft attached hereto;

AND THAT Council direct Town Staff to proceed with a Public Meeting so as to receive comments with respect to a Draft Short Term Accommodation Licencing By-law;

AND THAT Council, subject to enacting a Short Term Accommodation Licencing By-law, approve the start-up funding related to a Short Term Accommodation Licencing Program as outlined in this Report.

B. Background

On June 22, 2011 the Ontario Municipal Board approved Official Plan Amendment No. 11 and Zoning By-law Amendments respecting Short Term Accommodation Uses.

During the course of the 2012 Town Budget process, consideration was given to additional staff resources so as to implement proactive short term accommodation enforcement while maintaining existing by-law enforcement service levels. Ultimately, Council gave direction to utilize existing staff resources to provide for short term accommodation enforcement while recognizing that adjustments to other by-law enforcement service levels and response times would occur. Council also gave direction with respect to on-call services, by-law enforcement coverage/shifts and focussed by-law enforcement initiatives (i.e. long weekend and evening patrols and the related expectations/desired outcomes subject to appropriate health and safety policies, procedures and measures being addressed).

The matter of short term accommodation licencing was also considered with Council requesting that Town staff report back on the overall enforcement and licencing of short term accommodation uses prior to the 2013 Town Budget process.

Licencing

Subsection 10(2) of the *Municipal Act* provides that a municipality may pass by-laws respecting a number of matters including:

- The economic, social and environmental well-being of the municipality;
- Health, safety and well-being of persons;
- Protection of persons and property, including consumer protection; and,
- Business licencing.

Part IV of the *Municipal Act* allows municipalities to provide for a system of licences with respect to a business. Further, the *Act* allows a municipality to impose fees and/or charges related to the administration and enforcement of a licencing system.

Short Term Accommodation Licencing

Background information, financial implications, funding model and a draft licencing by-law have previously been presented to Council with Council indicating that the matter be deferred pending firstly the adjudication by the Ontario Municipal Board of the appeals with regard to the Official Plan and Zoning By-law Amendments and then subsequently the 2012 Town Budget Process. As noted previously, Council has given direction to Town staff to report back on these matters prior to the 2013 Town Budget Process.

The desired outcomes of a Short Term Accommodation Licencing By-law include, but are not limited to, the following:

- Addressing health and life-safety issues/concerns (fire detection, early warning, proper exits, adequate deck guards, etc.) prior to the issuance of a licence
- Ensuring that premises that offer short term accommodation are appropriately zoned and meet the applicable regulations
- Ensuring that owners/managers of premises are identified, provide contact information and are available to respond 24/7 to issues on their premises
- Addressing overcrowding of premises
- Addressing consumer concerns (consumer protection)
- Ensuring that properties are adequately maintained
- Ensuring that adequate and appropriate parking is available
- Ensuring that waste management measures are in place
- Addressing nuisance control through various methodologies including the suspension and/or revocation of a licence if warranted
- Ensuring that there is not a financial burden on the taxpayer

Town staff, in consultation with Aird & Berlis LLP, has developed a Draft Short Term Accommodation Licencing By-law (Appendix "A") that addresses some of these issues. Further review and modification to the Draft By-law are necessary to ensure that the Draft address all of the above.

Other potential requirements could include:

1. Prior to the issuance of a license, all premises used as short-term accommodation must be inspected and approved by the Medical Officer of Health or Public Health Inspector and be in compliance with the Health Protection and Promotion Act, R.S.O. 1990, c. H.7, or successor legislation.
2. There shall be displayed in each room so licensed a current certificate certifying that the room has been duly inspected and is a properly licensed room according to this by-law.
3. No beds or bunks shall be placed one above another, and no one shall be permitted to sleep, lodge or dwell in a cellar or basement.
4. All mattresses shall be so arranged as to be at all times easily inspected. All beds, bed clothing, mattresses and pillows shall be kept clean at all times and free from vermin.
5. Clean sheets and clean pillow cases shall be furnished for each bed and shall be changed as often as necessary to keep the same clean or as may be required by the Medical Officer of Health.
6. Every licensed location shall provide a register in which all lodgers shall be registered and such register shall specify the date of entry of such lodger, the period of stay and the home address of such lodger, and such register shall be open for inspection by any Officer of the Municipality.
7. Consumers are protected by requiring minimum liability insurance as a condition of operating a business and by further ensuring that sufficient information is provided and maintained by the Town to assist in the enforcement of the by-law.
8. The Licensee complies, and continues to comply, with all nuisance control regulations.
9. The health and safety of visitors of such premises are protected through regular or required inspections and compliance with legislation pertaining to fire safety, building safety and health safety.

Public Meeting would be held to receive input on a Draft By-law, including consideration of incorporating additional measures, and the other potential requirements noted above.

It is noted that in addition to the Licencing By-law, consideration will have to be given to amending the Town's Property Standards By-law so as to address the interior of premises and that further dialogue with the Town's Fire Department and the Grey Bruce Health Unit in terms of their respective capacities to conduct Fire Code inspections and inspections on the applicable health standards.

Costs Associated with a Short Term Accommodation Licencing

As noted previously, the *Municipal Act* enables a municipality to charge fees so as to recover its costs associated with a licencing program. However it is noted that costs would be incurred by the Town prior to the Town realizing the fees associated with licencing. It is estimated that approximately six to eight months would be required post Council enactment of a Licencing By-law before licencing fees would be fully realized. This time would be utilized to develop the Program's policies and procedures, forms, general information packages, inspection protocols, software updating/revisions,

establishment of a Terms of Reference for the Appeals Committee and to put into place all other necessary administrative practices.

Based on approximately 100 - 150 premises that would be initially licenced, it is estimated that one additional employee (1 FTE) would be required immediately post Council enactment of a Licencing By-law and one-half of a support position (0.5 FTE) approximately two months in advance of the effective date of the Licencing By-law

The roles/duties of these positions would include the following:

Licencing Officer (1 FTE)

5. Lead enforcement/investigator on compliance/non-compliance of the Short Term Accommodation Licencing By-law
6. Respond to complaints
7. Issue violation notices
8. Liaison with the Fire Department, OPP and the Grey-Bruce Health Unit

3. Formal training in Municipal Law Enforcement and Licencing

In addition to staffing costs, there would be other expenses such as recruitment, office expenses, overhead costs, legal expenses, training, vehicular, etc.

Funding/Financing

During the 2012 Town Budget process it became evident that there was significant concern with respect to placing the financial burden associated with a licencing system for short term accommodation uses on Town taxpayers by way of the tax rate. Given these concerns, Town staff are recommending that if Council so desires to implement a Short Term Accommodation Licencing Program that Council could direct that the start-up funding be borrowed from the Town's Working Capital Reserve or Policing Reserve with such borrowed funds being paid back over a five year period (\$16,400 per year with such loan being in addition to the above noted Estimated Annual Costs). This would place the Estimated Annual Costs of the Program for the first five years at approximately \$164,400. Based on this, and based on approximately 100 – 150 licenced premises, annual licencing fees per premise would be in the magnitude of \$1,100 to \$1,650.

With regard to the recommended Reserve, Town staff are recommending that should Council decide to proceed that the Town's Working Capital Reserve be utilized for reasons as set out in "Section E – Financial Impact" of this Report.

If Council determines to pursue this, it is recommended that Council commit to reviewing the Program in terms of whether the Program is achieving the desired outcomes and whether the Program has met the financial viability criteria that Council so determines after a two year period, say as part of the 2014 Town Budget Process.

Summary:

Town staff see merit in proceeding with a Short Term Accommodation Licencing Program so as to address:

- The economic, social and environmental well-being of the municipality;
- Health, safety and well-being of persons;
- Protection of persons and property, including consumer protection; and,

It is therefore recommended that Council direct Town Staff to proceed with the finalization of a Draft Short Term Accommodation Licencing By-law; that Council direct Town Staff to proceed with a Public Meeting so as to receive input on a Draft Short Term Accommodation Licencing By-law; and, that Council, subject to enacting a Short Term Accommodation Licencing By-law, approve the start-up funding related to a Short Term Accommodation Licencing Program as outlined in this Report.

C. The Blue Mountains' Strategic Plan

"Providing a strong, well managed municipal government."

D. Environmental Impacts

N/A

E. Financial Impact

As previously noted in this Report, it is recommended that should Council determine to proceed that Council could direct that the funds necessary to start up the Short Term Accommodation Licencing Program be borrowed from the Town's Working Capital Reserve or Policing Reserve with such loan being in the magnitude of \$82,000. This loan would be paid back from licencing fees over a five year period commencing in 2013 at \$16,400 per annum.

In recent years, the Working Capital Reserve has been borrowed against for the Town's \$10,000 loan to the Marsh Street Centre and the Town's loan of \$420,000 to facilitate the construction of the Thornbury Medical Clinic. The \$10,000 loan has \$8,000 outstanding whereas the \$420,000 loan has \$270,000 outstanding. In addition, it is noted that the funds associated with the \$350,000 grant to the Thornbury Medical Clinic came from this Reserve.

The Working Capital Reserve had a 2011 year end balance of \$2.7 million. It is noted that the Town's Auditor recently advised that based on taxes receivable that the Reserve balance should be \$3.5 to \$4 million.

As to the Policing Reserve, same has a current balance of \$330,000, with it being noted that same has not been earmarked for any specific aspect of policing however it is noted that this Reserve was established to address potential Ontario Municipal Partnership Funding (OMPF) adjustments in the future.

Given the above, it is recommended that should Council determine to borrow from a Reserve that the Town's Working Capital Reserve be utilized.
