#### **B. Background**

On September 25, 2007, the Finance and Administration Committee made a recommendation to receive "CEDC.07.08 Order of the Town of The Blue Mountains Volunteer Recognition Event Details", for information purposes (see Attachment 1). This report included with it the criteria for the Order of The Blue Mountains Award, which stated that nominees must be a resident of The Blue

Mountains and must have volunteered in The Blue Mountains within the last two years.

Based on the limitations of these criteria, the 2009 Community Volunteer Awards Panel of Judges made a request of Staff to seek a recommendation from the Finance and Administration Committee to move forward with the addition of two new award categories for the Community Volunteer Awards: 'Friend of The Blue Mountains' and the 'Steve Hoffmann Achievement' award.

The Panel of Judges is seeking the addition of a 'Friend of The Blue Mountains' award as the current criteria for the Order of The Blue Mountains states that nominees must be residents of The Blue Mountains.

The 'Friend of The Blue Mountains' criteria are proposed as follows:

- The recipient of this award is an individual who does not reside in The Blue Mountains but who has volunteered his or her time to the community of The Blue Mountains with significant community enhancement; and
- The recipient has made a significant contribution to the benefit of the community over the last two years.

It is proposed that Judges would assess nominees of the 'Friend of The Blue Mountains' award based on the same scoring criteria utilized for the Order of The Blue Mountains:

- Level of Achievement
- Level of Commitment
- Level of Effort
- Measurable impact on the Community
- Originality
- Vision
- Letters of Support
- Overall impression

The Panel of Judges is also seeking the addition of a volunteer award to recognize, posthumously, the volunteer efforts of a past community resident.

Further, the Panel of Judges wishes to name the award the Steve Hoffmann Achievement Award in recognition of Mr. Hoffmann's significant contribution to the community.

The 'Steve Hoffmann Achievement' award criteria are proposed as follows:

- The recipient of this award was an individual who resided in The Blue Mountains immediately prior to his/her death; and

- The recipient of this award made a significant contribution to the community, through volunteering, within the last five years.

It is proposed that Judges would assess nominees of the 'Steve Hoffmann Achievement' award based on the same criteria utilized for the Order of The Blue Mountains:

- Level of Achievement
- Level of Commitment
- Level of Effort
- Measurable impact on the Community
- Originality
- Vision
- Letters of Support
- Overall impression

The Panel of Judges has also requested that as part of the award, the Recipient's last name be added to The Blue Mountains Street Name Inventory List.

**THE BLUE MOUNTAINS FIRE DEPARTMENT**  
**1<sup>ST</sup> QUARTER REPORT**

**The Vision of The Town of The Blue Mountains Fire Department is:**

To provide the citizens of The Blue Mountains with pro-active, effective and efficient delivery of fire, rescue, public education and fire prevention services; through a unified forward thinking organization with good morale and with the highest standards of personnel safety, fairness and professionalism.

**REPORT TO:** Finance & Administration Committee  
**FROM:** Ron Doherty, Fire Chief  
**DATE:** May 19, 2009  
**SUBJECT:** 1<sup>st</sup> Quarter Report – 2009

### **The Blue Mountains Fire Department**

### **Quarterly Report – January – March 2009**

This quarterly report is to provide information with regards to the operation and status of The Blue Mountains Fire Department for the first quarter (January – March 2009)

#### **Highlights of 1<sup>st</sup> Quarter:**

- The department responded to 4 working fires, 37 false alarms, 4 pre-fire conditions and 15 other responses.
- Deputy Chief Rob Collins resigned to take a new position as Chief of Port Hope Fire Department.
- The latest recruit program has been completed. Station #1 now has 7 new probationary firefighters and Station #2 has 2 new probationary firefighters. This brings the complement to 21 firefighters at Station #1 and 20 firefighters at Station #2. However, it must be kept in mind that these probationary firefighters are not fully trained, so we are still experiencing problems with having enough trained firefighters to reach our requirements.
- A request for quotation (RFQ) is being prepared by Steve Conn (in the absence of a Deputy Chief) for a Self Contained Breathing Air Compressor which is used for filling the air bottles at both stations.
- A request for quotation (RFQ) for the new furnace at Station 2 is also being prepared by Steve Conn, (again in the absence of a Deputy Chief). The furnace must be replaced before or by Fall of 2009. The new furnace will be larger to accommodate the future expansion for this station.

- **OFM Reporting (Fire Reports to the Ontario Fire Marshal)**

Incident Reports for all fire calls have to be submitted to the Office of the Fire Marshal. Each fire call is coded with information about the call and submitted to the OFM via an internet program. Loriena Forsythe has picked up this duty in the absence of a Deputy Chief. This information is collected by the OFM in order for them to have statistics on different types of calls, times etc.

- Telecorder has been installed with the radio system. It allows the department to keep a recording of times of calls, truck arrival on scene, etc.
- Server has also been installed at Station 1. This will allow the computers at hall one to work more efficiently without having to go through microwave links to the town server at the municipal office. We will be able to keep backups of our saved documents and programs. The next phase is the fire department software to replace the Cityview, that does not support a fire module, which would allow for run routes, training, prevention, etc. The benefits of having a fire program are tremendous. First and foremost, it will allow us to obtain stats in an efficient and timely manner. It will save on the paper work that is being done now, as everything will be done on the computer. Fire Prevention will benefit from this system, allowing more efficient tracking of properties inspected, deficiencies etc. Training will also benefit allowing the tracking of training of all firefighters, when re-certifications need to be done for individuals and so on. We will also be able to keep an accurate record of equipment and equipment checks, re-certification of some equipment and testing of others. We will even be able to keep easier track of firefighters hours and wages. Reports will be able to be formatted from the information put into the system, allowing for more effective use of fire data. This overall will make the entire administrative division of the department run more efficiently.
- Collingwood Fire Agreement – Discussions have taken place on an Automatic Aid Agreement but have been put on the back burner, however, we will be continuing with our signed Mutual Aid Agreement.
- Grey Highlands and Meaford Agreements – the agreements with both Grey Highlands and Meaford terminated on April 30, 2009. Verbal and written confirmation has been made with the Chiefs ensuring them that we are available to assist their departments at any time during this transition. The 911 track lines were converted in mid April so they are receiving their own calls at this time.
- EMS – Chief Doherty is working with Mike Muir from Grey County EMS to ensure ambulance services within the Blue Mountains are moving forward in a positive manner as it relates to their base locations on fire department properties.

**ADMINISTRATION**

Staff Meetings are held bimonthly to discuss ongoing items within the department and determine ways of dealing with issues. The meetings also allow for the flow of information from each division of the fire department as well as from Senior Management and Council.

**Deputy Fire Chief**

We are still awaiting approval from the CAO regarding the hiring of a new Deputy Fire Chief. This is causing a great deal of stress to all full time staff. Staff are having to carry out their regular duties, as well as the deputy chief's duties. This situation is causing an immense strain on the timely flow of information internally as well as externally to other departments and/or agencies. The hope is that this situation will be resolved sooner rather than later to maintain the past efficiency of the department in all divisions.

**Fire Master Plan**

Discussion to be held with the C.A.O.
