RES ADMIN

As a follow-up to our conversation of October 15/10, I am totally taken aback with the above topic not being tabled/ readdressed until September 2011.

“THIS IS UNACCEPTABLE”!

I started this imitative August 9/10 with Mayor Anderson. Interesting to note, she concurred, and stated “property standards should be universal”.

As mentioned, we pay the Town of Blue Mountain \$12,000 plus in annual property taxes (which I believe is in the highest Home Owner contribution in the area) and we are tired of looking at the eye sore on the 3rd line.

NEXT STEPS: I would appreciate this matter being resolved with in the month – October 2010 – Unless I am missing something, I do not think this change to the By-Law is a capital expenditure – only a very large plus to the environment and your Tax Payee.

I look forward to your favorable response.

Sincerely

Ian R. Sinclair
