

STAFF REPORT:

Town of The Blue Mountains Planning Department

REPORT TO: Mayor and Town Council
MEETING DATE: April 7, 2008
REPORT NO.: PL.08.33
SUBJECT: Site Plan Modification -
Pool and Spa Addition
Snowbridge Park –
Westbrook Development Corp.
Block 4 Registered Plan 1120
Town of The Blue Mountains

PREPARED BY: Shawn Postma,
- Planner II
Robert Armstrong,
- Manager of Development Planning and IS

A. Recommendations

THAT Council does receive Planning Staff Report PL.08.33, “Site Plan Modification - Pool and Spa Addition - Snowbridge Park – Westbrook Development Corp. Block 4 Registered Plan 1120, Town of The Blue Mountains”;

AND THAT Planning Staff support a minor amendment to the existing Site Plan Approval for the Historic Snowbridge Private Recreation Park on Block 4, Plan 1120, that will include the provisions for two additional pools and a spa.

AND THAT Planning staff recommend that Council accept the revised Landscape Architectural Drawings as prepared by ska – Stempski Kelly Associates Inc. Drawing Numbers L1, L2, L3, L4, L5, L6 and L7 last revised February 04, 2008 be approved as a minor amendment to the Snowbridge Park of Westbrook Development Corporation Site Plan Agreement dated March 11, 2002.

B. Background

B1. Purpose

The subject lands are comprised of. The property is known as Block 4 of Registered Plan 1120 located within the ring road of Snowbridge Way. The Owner entered into a Site Plan Agreement with the Town in March 2002 which covers the development of the existing main pool, amenity centre, parking area and landscaping.

The purpose of this modification is to consider a proposal by the owner to add three additional pools to the existing park.

The upgrade has been requested due to the current limitations of the facilities based on the number of users and the overall growth of the neighbourhood. The owner has

identified a need to add the additional facilities that would be used exclusively for 'homeowner use' to alleviate some peak season pressure on the park and to provide additional capacity of the existing pools for guest use.

B2. Comments

Drawings have been provided indicating the location of the facilities, plus additional landscaping. Planning Staff have reviewed the drawings, and the facilities would appear to comply with the Town of The Blue Mountains Official Plan and the Township of Collingwood Zoning By-law. The provisions for additional recreation facilities within a development are generally encouraged. Planning Staff would therefore have no objections to Council accept the revised Landscape Architectural Drawings as prepared by ska – Stempski Kelly Associates Inc. Drawing Numbers L1, L2, L3, L4, L5, L6 and L7 last revised February 04, 2008 as a revision to the Site Plan Agreement.

C. Budget Impact
