**A. Recommendations**

1. **THAT** Council receive Staff Report SRB.08.54 respecting 629537 15<sup>th</sup> Sideroad, Permit No. 2008-53, for information purposes.

**B. Background**

1. A number of inquiries and concerns have been received by the municipality with respect to a house currently under construction at 629537 15<sup>th</sup> Sideroad (Addendum 1). These inquiries/concerns have been related to the prominence of such dwelling on the escarpment and the validity of the building permit that was issued (i.e. compliance).
3. The subject property is located outside of the Niagara Escarpment Development Control Area and as such, Zoning By-law No. 83-40, as amended applies.
4. The Zoning By-law places these lands within an area zoned RERb. Such zoning permits a house of 2.5 storeys and a maximum height of 9.5 metres (31.08 feet) measured at the front of the dwelling from average grade to the mid-point between the eaves and ridge.
5. The subject application was found to be in compliance with the Zoning By-law prior to permit issuance and recent inspections reflect that the building is being constructed in accordance with the reviewed permit drawings.
6. In conclusion, the Chief Building Official is satisfied that the subject construction is proceeding in accordance with the *Building Code Act* and any other applicable law.
