Notice- Town Shows Support to Essential Front Line Workers

Earlier today, the Town of The Blue Mountains, in partnership with the Town of Collingwood, and the Municipality of Meaford, participated in a drive by tribute to show support for local hospital staff and essential front line workers.

Staff from the participating municipalities, including paramedic services, fire services, and the Ontario Provincial Police participated in a drive-by tribute to the Collingwood General and Marine Hospital, the Meaford Hospital, the communities' long term care homes, and various businesses offering essential services during the COVID-19 pandemic.

“It is important to recognize the work being done by front line medical personnel, and essential service workers throughout our region,” noted Mayor Soever. “We are fortunate to live in a supportive community with first-class health care providers, and essential service personnel. Thank you to all who continue to provide essential support during this difficult time”.
