**Approvals from other Agencies are required** in many instances before a building permit application can be processed and before a permit is issued for construction. These approvals are not administered by Building Services. Please ensure all other required approvals are complete using the Applicable Law Checklist as noted above.

**Next Steps**
Submit complete application including supporting documentation, electronically to build@thebluemountains.ca. Application is reviewed for completeness and compliance with the Ontario Building Code and Applicable Law. Application review comments are provided during review to identify any outstanding requirements and to summarize permit fees. Permit will be issued when review is complete and all fees are paid. Construction begins and inspections may be scheduled. Building Inspector checks major phases of construction until Occupancy and/or Final are complete.

Incomplete permit applications will delay permit processing time. Construction shall not start until permit has been issued.
