C.1 Sustainability Committee Needs & Resourcing

Interim Chief Administrative Officer Shawn Everitt noted the purpose of this meeting is to have a general discussion with Sustainability Committee members regarding what should be included in a potential job description for a contract staffing resource for the Sustainability Committee. Shawn confirmed that this resourcing was approved in the 2019 Budget and will be funded by gas tax.

Deputy Mayor Bartnicki noted she is not comfortable providing direction regarding staffing resources without the full complement in attendance; Shawn emphasized this meeting is for general discussion purposes and no motions will be passed. This matter will be considered at the first full meeting of the Sustainability Committee. Shawn noted staff can draft a job description for Sustainability Committee consideration based on the Sustainability Committee’s Terms of Reference and a previous Sustainability Coordinator job description. Director of Human Resources Jenn Moreau noted a Sustainability Coordinator/Project Specialist/Administrative Assistant hybrid job description can be generated for consideration and discussion by the full complement of the Sustainability Committee.

Deputy Mayor Bartnicki commented the first full meeting of the Sustainability Committee may need to be longer than two (2) hours to accommodate the number of items that require a fulsome discussion. Councillor Matrosovs noted all materials should be circulated in advance to allow Committee members to review the requisite documents. The group noted the job description may be considered and deemed unnecessary, depending on whether the Committee wishes to take on the various tasks identified through the job description and by the Committee. Shawn advised he will confirm with Finance staff if the gas tax funding is permitted to be rolled over; this may allow more flexibility on the timeline for hire should the Sustainability Committee approve moving forward with a contract hire. Shawn confirmed the relevant pages from the 2019 Approved Budget which speak to Sustainability Committee resourcing (p100-103) will be included in the agenda package for the first full meeting of the Sustainability Committee; this inclusion will allow for the different funding sources to be explained.

C.2 Internal and External Communications

Councillor Matrosovs stressed the need to discuss internal and external protocol so each Committee member is aware of how to add materials to agendas and structure communications. Councillor Matrosovs explained that the Committee members selected are all very engaged in the community; it will be helpful to ensure the protocol for the Sustainability Committee meetings creates a delineation between Committee matters and community initiatives.

Shawn noted staff have a streamlined process for doing an agenda call and adding items to an agenda. Shawn further noted a package on Town Policies and Applicable Legislation will be provided to Committee members for their information.
