### A. Recommendations

---

THAT the Joint Municipal Physician Recruitment and Retention Committee receive Staff Report FAF.19.154, entitled “2020 – 2022 Budget”;

AND THAT the Joint Municipal Physician Recruitment and Retention Committee advise staff what to include for Council consideration in the 2020, 2021, and 2022 proposed budgets.

### B. Overview

---

Staff have begun the process of compiling the 2020 to 2022 budgets for Council’s consideration, this report is looking for budget requests from the Joint Municipal Physician Recruitment and Retention Committee.

### C. Background

---

Each year staff compile and present the proposed budget to Council for their consideration for the sums required to operate the Town for the next calendar year. New this year, staff are sending reports to the various committees of Council getting any requests for funding needed for 2020 to 2022.

### D. Analysis

---

Unlike previous years, staff will be including an operation sheet (attachment #1) specifically for this committee. By working with the committee, staff will complete the required information outlining the 2020 work plan, proposed funding requirements, and other information. This sheet will be included in the 2020 Proposed Budget which will go through the complete public process that all Town budgets go through.

Through the minutes of the committee, Council will endorse the inclusion of the funding requests to be included in the 2020 Proposed Budget. It should be noted that this is not the approval of the funding; the funding will be approved through the 2020 Budget process which is scheduled for winter 2020.
