Community Services and Operations Reports
To be chaired by Deputy Mayor Rob Potter

B.7 Deputations, if any

B.7.1 Workshop: Director of Operations, Shawn Carey
Re: Environmental Assessment Overview

Director of Operations, Shawn Carey, spoke providing an overview of the Environmental Assessment and provided the purpose of the Environmental Assessment Act, fundamentals of an Environmental Assessment, Types of Environmental Assessments, Municipal Class Environmental Assessment Process, and proposed approach to Council engagement.
Committee of the Whole - 5 - February 25, 2020

B.7.2 Presentation: Kris Wiszniak, Public Works & Transit Coordinator Town of Collingwood

Re: Blue Mountains Transit Update

Kris Wiszniak provided an update on the Blue Mountains Transit with Collingwood. Kris noted that following a six month trial service in 2013, that the Councils of Collingwood and Blue Mountains approved a permanent transit service in March 2014, and in September 2014, The Blue Mountains, Collingwood, Blue Mountain Village Association and Blue Mountain Resort entered into a five year transit agreement.

Kris noted that in 2017 a Regional Transit Task Force was established to review transportation needs, and the transit service was increased to a full day from 7:00 am to 9:00 pm. Kris reviewed the Regional Transit Map and the five-year ridership statistics, including ridership by stop. Kris reviewed the budget and noted that over $21,000 was received from the sale of bus passes, $60,000 from ticket revenue and provincial funding received of $61,400.

Kris reviewed the Gas Tax funding envelope, and reviewed the budget, noting the factors that affect increases, including additional maintenance due to the age of the bus, increase in fuel costs, renewal of the contract in 2021, increased administration costs it being noted that the Town of Collingwood does not recover any administration costs from the Blue Mountains link, and the increased demand in services. Kris noted that they will go to the market to get the best contract and reviewed the key highlights of the agreement, being joint ownership of the vehicle, defines the allocation of Gas Tax funding with Collingwood as the host municipality, provision of insurance for all parties, termination of contract and cost recovery.

Kris then spoke regarding the rationale for a one-year extension, it being noted that Grey County has approved transit links between Owen Sound and The Blue Mountains, and the current operations contract is 1.5 years away from completion. Kris noted that the Town of Collingwood is undertaking a comprehensive Transit Operations Study and both municipalities are to consider additional private partners.

Councillor Sampson spoke noting that the ridership data shows that many staff are taking the bus to Blue Mountain Resort from Collingwood. Kris spoke in response noting that yes, many riders work at Blue Mountain Resort, further noting that there is a 20% transfer rate from the Wasaga Beach link to The Blue Mountains link.

Councillor Sampson questioned if Collingwood participated in the Grey County transit discussions, Kris replying yes, that Collingwood met with Grey County one time and was not aware of the tender process.

Councillor Matrosvos spoke in response to the comment that Collingwood is happy with the current contractor, but there is much time spent on complaints. Kris spoke in response noting that the transit contractor responds to much of the day to day operations, ie. scheduling and driver complaints, further noting that complaints regarding the bus stops are directed to the Town of Collingwood.

Councillor Uram noted that the study process will provide more detail and questioned if it will include tourism to make transit better for tourism. Kris noted that the terms of reference will look for statistics for tourism ridership, further noting that we can do a better job getting the word out about transit, further noting he is working with their Communications department on this.
Councillor Uram spoke noting that The Blue Mountains is going through a Transportation Study, as is Collingwood, then questioned if the Collingwood and Blue Mountains data can be coordinated. Kris spoke in response noting that this information has been asked of Wasaga Beach as well, and noted that he has been in discussions with CAO Shawn Everitt and Director of Community Services Ryan Gibbons as well.

Councillor Bordignon spoke questioning if there has been consideration to take the transit service into Thornbury and looping it back to Blue Mountain Resort. Kris spoke in response noting that no, this has not been considered, further noting that Collingwood would have to work with The Blue Mountains staff to determine if there is a need. Ryan Gibbons, Director of Community Services, spoke noting that with the Grey County pilot, we can determine if this is feasible, further noting that the one-year extension will allow further discussions to take place. Councillor Bordignon spoke noting that he is encouraged by the discussions with Grey County, but noted that he wants to continue with the transit system currently in place. Kris spoke in response noting that the transit expansion has been done through trial periods to determine if there is a need.

Ryan Gibbons spoke noting that Grey County is coming forward with options.

Deputy Mayor Potter thanked Kris for the presentation.

B.8 Public Comment Period regarding matters included in the Community Services and Operations portion of the meeting (each speaker is allotted three minutes)
NOTE: In accordance with the Town Procedural By-law 2019-56 ten minutes is allotted to receive public comments regarding staff reports included on the Agenda. The speaker shall provide their name and address, and shall address their comments to the Chair.
