### **Project Update (For Newsletter/Website) – Peel Street**

On behalf of the Town of the Blue Mountains, MTE is continuing to work diligently on preliminary design options for the reconstruction of Peel Street. The design options, as well as a preferred alternative will be presented to the public at 2 public information centers (PIC). PIC's will be held on June 12<sup>th</sup> at 6:30 pm, and June 15<sup>th</sup> at 9:30am. At the PIC, there will be a presentation to highlight the proposed options, as well as question and answer period. All of the drawings will be on display for public viewing before and after the presentation, and an information package will be available for people to take with them. Following the PIC's, there will be a 30 day period in which the Town will be receiving public feedback on the options. All of the comments will be collected, reviewed and considered before any preliminary designs are progressed.

We welcome all residents to attend the PIC, and encourage feedback both at the PIC, and in the 30-day comment period that follows.

Respectfully,

**MTE CONSULTANTS INC.**

Vince Pugliese, P.Eng.  
Project Manager
