

Notice of Public Information Centre Intersection Improvements Highway 26 Corridor from Grey Road 19 to Grey Road 21 Municipal Class Environmental Assessment Study

Thursday June 7, 2018 6:00pm to 8:00pm

Saturday June 9, 2018 10:00am to 12:00pm

Town of The Blue Mountains - Council Chambers 32 Mill Street Thornbury, ON

This important meeting will be held to describe the alternative solutions being considered to improve the transportation network in the area of Highway 26 between Grey Road 19 and Grey Road 21. The Town of The Blue Mountains, in partnership with the Ministry of Transportation and County of Grey ("road authorities"), has initiated a Municipal Class Environmental Assessment (EA) to consider potential transportation issues and solutions relating to development and increased traffic demands (pedestrian, cyclist, vehicle), traffic congestion and safety concerns in the area.

What is a Public Information Centre (PIC)?

A PIC is an informal open house with members of Town Staff, the road authorities and the Consultant Project Team, held to encourage, gather and respond to public comments. Town Staff, the road authorities and the Project Consultant Team will be pleased to discuss and answer any questions you may have about the project at this PIC.

What should I expect to learn at this PIC?

Should you attend this important PIC, you should expect to learn more about the progress of the project, the alternatives being considered and the evaluation of the alternative solutions based on physical, natural, social, cultural/heritage and economic environment factors, with an opportunity to provide input into the planning process of the project.

Information displayed at the Public Information Centre will be available for viewing on the Town's website following the PIC.
