for Own Campaign for the 2022 Municipal Election**
Municipal Elections Act, 1996

May 2, 2022

TO: 2022 Municipal Election Candidates

In accordance with the *Municipal Elections Act*, section 88.9.1, the Clerk shall provide candidates a calculation of maximum contributions a candidate can make to their own campaign. The number of electors is based on the number of electors on the Voters' List as of Nomination Day of the previous election (being September 15, 2018), including any changes made that day.

On or before September 26, 2022 the Clerk shall provide a **Final** Certificate of Maximum Campaign Expense Limit for Own Campaign to each candidate.

The number of electors to be used in the final calculation is to be the greater of the number of electors for the office from the Voters List as it existed on Nomination Day of the previous election, including changes made on that day, or the number of electors on September 15 in the year of the current election, including changes made on that day.

Preliminary Calculation of Maximum Campaign Spending Limits – Own Campaign:

Office of the Mayor:

\$7,500.00 plus \$0.20 per elector (11,770 electors on Nomination Day, 2018) = \$9,854.00

Other Offices

\$5,000.00 plus \$0.20 per elector (11,770 electors on Nomination Day, 2018) = \$7,354.00
