

**Dear Residents,**

Heavy construction activity on Bay Street between Elgin Street and Grey Street is expected to commence the week of May 25. This will include:

- **Topsoil, asphalt and driveway removals**
- **Temporary water main installation**
- **Further infrastructure installation following removals**

Construction will begin at Elgin Street and progress towards Grey Street. You will be required to access your property from Grey Street until construction activities have passed your residence. Driveway access will also be restricted for a period of approximately 1-2 weeks as construction progresses.

**If you have an irrigation system, please ensure it is capped at the property line. Landscaping, address signs and any other private property located within the Town's road allowance should be removed and placed behind property line before the week of May 25 to avoid removal.**

We sincerely apologize for this inconvenience while the infrastructure is replaced in your area and will continue to work with you to make this transition as smooth as possible.

If you have further questions or concerns, feel free to reach out to the contacts listed below. Again, we apologize for the inconvenience.

Thank you,

Arnett's Public Relations Officer
